

24. A student produced the following results for a redox titration.

Sample	Volume of solution added (cm^3)
1	21.0
2	20.3
3	20.7
4	20.4

The volume of solution, in cm^3 , that should be used in the titration calculation is

- A 20.35
- B 20.50
- C 20.55
- D 20.60
