

6. The song History of Everything, used as the theme from the TV show The Big Bang Theory, contains the following lyrics.

*“Our whole universe was in a hot, dense state
 Then nearly fourteen billion years ago expansion started, wait. . .
 Since the dawn of man is really not that long
 As every galaxy was formed in less time than it takes to sing this song
 A fraction of a second and the elements were made. . .
 It’s expanding ever outward but one day
 It will cause the stars to go the other way. . .”*
